

JAMIE CARRUTHERS

Alumni and Electives Officer

Hi, I'm Jamie and I'd like to be your LUSUMA Alumni and Electives Officer for the next year!

Over my last year as LUSUMA as Vice President I have been heavily involved in securing LUSUMA sponsorship from a variety of sources, including the medschool. The LUSUMA Alumni and Electives programmes both require sponsorship to run effectively which I believe I can deliver.

I am naturally a hard worker; I believe that I have succeeded in my previous roles as Treasurer and Vice President (two of the busiest jobs on the committee) so transitioning into the role of Alumni and Electives Officer shouldn't prove difficult for me.

I rewrote the LUSUMA Constitution in February 2017 which created the A&E Officer role, so I already know the purpose of the role and feel that I can build on Katy's great work to continue constructing our alumni and elective support networks.

The past two years on LUSUMA have been really fun and rewarding, and I would love to be reelected for another year as your A&E Officer!

Thanks for your support.
