

## **Milkha Basra (& Connor Walford) SOCIAL SECRETARY MANICFESTO**

**Milkha Basra & Connor Walford.** Name a more iconic duo... I'll wait... – Besides Rodney & Del boy or Letsdisko & VKs. I'm a proud member of LMFC & LMRFC and as one of the very few freshers who made it out for every single night of INTROweek, every LUSUMA social and nearly every Letsdisko & Shabang, I am well versed in the way of the social.

Our duo has even made Lasdun great again, so who knows what wonders we'll work as your LUSUMA social secs?

### What we'll bring to the role:

- **My Scintillating Chemistry with Connor Walford** – We're campaigning as a duo if you haven't already guessed, we've been in a civil union on Facebook for over two months now and we're still going strong.
- **Approachability** – We might not be 6'4" and easily seen from miles away like Shakollicot, but we're always around and willing to listen to suggestions of how we can improve.
- **An Undying Love of the Social** – We promise to treat INTROweek and other LUSUMA socials as if they were our own children.

### What we already love:

- **The Existing Socials** - Especially PJ pub crawl. Surely a national treasure.
- **Readily Available Discounted Letsdisko & Shabang Tickets** – Every sesher loves a O<sub>2</sub> cheap ticket
- **Consideration of Non-Drinkers at Socials** – Shakollicot did a great job of improving socials for non-drinkers, and we hope to build on this.
- **Ruzaik Rheyas**

### What we'd change:

- **The *dire* turn out of freshers at this year's Camera Social** – Turning up to see there were only 6 of us at the first bar? Poor.
- **The Lack of a Post ESA1 social** – Ideas that have been floated include Three-Legged Bar Crawl, Pub Tennis or Banana Pub Crawl.
- **More Sober Socials** – We'd like to introduce more of these next year, perhaps with view to raise funds for chosen charities.

**Bonus:** Everyone who votes for me & Connor will be eligible for a free Milkha Basra Cocktail™ recipe.

### A Wise Man Once Said:

The social is always calling, it's only a matter of whether you choose to pick up.
