

Sophie Reap

Social Secretary

Hi, I'm Sophie and I'd love to be one of your social secs next year! If you don't know me I'm the girl who gave this year's PJ Pub Crawl an 8/10 (completely incorrectly, I'm sorry Tom and Moiz). I'm now better known as 'the one with the tickets' due to being a First Year Rep, a role I've really enjoyed which made me want to continue my time on LUSUMA as social sec.

As an avid attendee of socials (and then not leaving until the lights come on and I get kicked out - I wasn't known as 'last fresher standing' for nothing), I know how important they are for letting your hair down and forgetting about the 4 hours of lectures you sat/struggled/cried through that day, as well as mingling and meeting people.

Why you should vote for me:

- I believe socials encourage a sense of unity between medics, unique to our course, and I'm committed to continuing and improving that
- Being fresher rep has given me some experience of how the committee is run, and lots of experience in selling tickets (I'm so dedicated to my cause I've been known to walk to flats a whole 15 minutes away)
- I'd love to be involved in organising next year's Introweek and making it the best start possible for the new freshers, like it was for me
- Finally, my love of organising (nothing is better than a to do list) is second only to my love for a social, and I just want everyone to enjoy them as much as me and make memories/photos that go on your mate's Facebook page on their birthday.

What I would like to do:

- **Non-drinking socials** - I feel this is key to including as many people as possible in events, and I've got some ideas for sober socials or socials in which drinking is not the main focus which I'd love to try
- **Joint socials** - following the success of the Law vs. Medics event, I'd like to consider events with other courses to help shift that 'cliqey' medic reputation
- **Bigger buildup** - especially for the freshers so they know when socials will be and what's involved

If anyone wants to know more I'm contactable via sr441@student.le.ac.uk or always around for a chat if you see me (I'm the short one in the photo so pretty small but have been told I can be found by my loud voice). Thanks!
