

Susmit Das for President

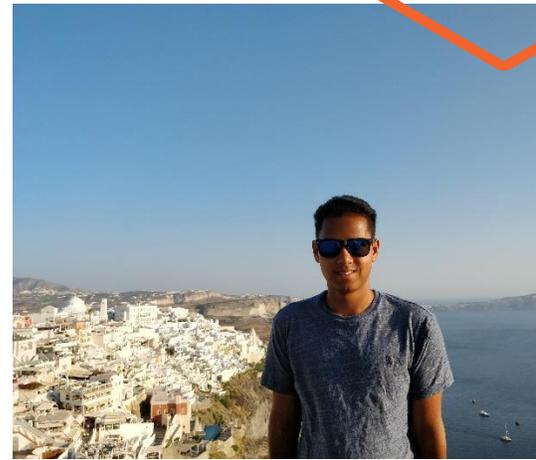

LUSUMA

2018/19

I am Susmit Das and I want to run for President for LUSUMA in 2018/19

Having thoroughly enjoyed my time as sports secretary this year, I want to do more to improve LUSUMA and continue the fantastic work that Simon Cowell has done as president. From my role in

LUSUMA, I have become more confident and collected. My overarching aim is to make LUSUMA a more transparent society with better clarity in the things we do and better guidance in how people can fully utilise our resources.

I hope I have given you a feel of what I want to do to make this year's LUSUMA committee the best one yet and hopefully the points I have raised are concerns that everyone else has had too.

If you would like to discuss any part of my manifesto or would like to find out more about me, [contact me via email \(sd421\) or message me on Facebook](#)

All in all, what I want to achieve if I become president is:

- Increase transparency and clarity within LUSUMA
- Allow more chance for constructive criticism to help improve the society
- Organise OUTROweek in a manner that works for current freshers and all other medics
- Monthly newsletter emailed to everyone
- Improve welfare
- Increase social attendance
- Work closer with the medical school for the benefit of students

Susmit for LUSUMA President

Further details about changes proposed

Welfare

- Increase awareness of welfare and what they do
- Have more cake and coffee sessions
- Work closer with the medical school and their welfare system

Academic

- Keep Brainscape cards going, LUSUMA lectures, unit notes

Sports

- Bring down pitch hiring costs
- Possibly introduce table tennis as a new sport

Alumni and Electives

- Increase alumni network
- Expand the role to include intercalation

Grads and Mature students

- More awareness for ChemWeek
- Increase number of events and dinners throughout the year

Communications

- Monthly newsletter outlining all LUSUMA events for that month as not everyone is on Facebook
- Public Google Docs outlining timeline of events throughout the year, so everyone can see provisional dates
- Sort out membership cards for next year's cohort as soon as they arrive

Socials

- Increase attendance at socials by making them more inclusive and understand the low attendance

Ball

- Find a suitable time to have the summer ball whilst continuing the successes of the winter ball
